INTERNSHIPS

* **EY Global Delivery Services | Full Stack developer Intern | Remote** **Nov 2024 - Jan 2025**

- Worked on a real time project through MERN Stack Technology
- Designed and deployed full-stack web applications using MERN and AWS EC2/S3, implementing REST APIs for seamless data exchange.
- Developed essential soft skill in communication, problem-solving, project management, adaptability, leadership, and a strong work ethic, contributing significantly to my professional growth. ([View](#))

* **AICTE Eduskills | Google Android developer | Intern** **July 2024 - sep 2024**

- Worked as an intern at Google Android development (10 weeks) offered by AICTE-Eduskills under Google Developers
- Implemented and Developed Android app using kotlin and My SQL Data Base
- Developed essential soft skill in communication, problem-solving, project management, adaptability, leadership, and a strong work ethic, contributing significantly to my professional growth. ([View](#))

PROJECTS

Custom E-Commerce WebSite: Developed using MERN Stack (MongoDB, Express.js, React.js, Node.js),integrated REST APIs, and deployed on Render Application. Optimized page load time to less than 2 seconds, improving user experience. ([Project Link](#))

Personal Contact Form: Engineered a fully responsive web application for user data collection utilizing HTML, CSS, and JavaScript; implemented robust input validation features that ensured seamless interaction with over 1,000 users during the initial launch phase. ([Project Link](#))
